Kobrovsky Gains Tea Party Endorsement

MYRTLE BEACH, SC – The Myrtle Beach Tea Party has officially endorsed Larry Kobrovsky for the first congressional district.

Over the last six weeks, the non-partisan group hosted three events for this race inviting all 12 candidates. In their straw poll for attendees to a debate last week, Kobrovsky emerged as a commanding first place winner.

Now, the group's membership has issued its own stamp of approval for Kobrovsky as the one candidate who most closely promotes the core tea party principles. The tea party's president, Luke Towery, reports that each time Kobrovsky answers a question, he ties it to validation with the U.S. Constitution.

Towery added that the tea party's objectives of limited government, fiscal responsibility, and reduced taxation are key issues in each of Kobrovsky's speeches. Towery also stated that Kobrovsky's support of FairTax and a self-imposed term limit were popular with the group.

He concluded that with the June 8th primary election at hand, the candidate many are calling "Constitution Larry" may now add to this descriptive moniker, *a.k.a.* "Tea Party Larry".
